VENTURA COUNTY WATERWORKS DISTRICT NO. 1 (Moorpark)

The District provides water to the Moorpark community. In 2024, 83% came from the State Water Project through Metropolitan Water District of Southern California and Calleguas Municipal Water District, while 17% came from local groundwater wells. Revenue from monthly water bills is used to cover costs such as imported water, electricity, chemicals, system maintenance, and staff salaries and benefits—everything required to deliver water to your community. Revenues are not used for other governmental purposes.

WHY ARE RATE ADJUSTMENTS REQUIRED?

These rates are based on the cost of providing water service to our customers and developed during the budget process. The rates must recover the cost of purchasing and producing water, maintaining, and improving the systems. Water rate cost allocation includes:
