

Traffic Scoping Form (TSF)

- Notes:
1. An approved TSF is required prior to submitting a Traffic Impact Study or Vehicle Miles Traveled Study.
 2. TSF may be used to establish Average Daily Traffic (ADT) for Traffic Impact Mitigation Fees (TIMF).

Project Information:

Name _____ Proj. # _____
 Address _____ APN _____

Agent/Applicant Information:

Name _____ Address _____
 Phone _____ Email _____

Consultant/Engineer Information:

Name _____ Address _____
 Phone _____ Email _____

Type of Discretionary Application (check box):

- Conditional Use Permit Coastal Development Permit
 Development Permit Other _____

Project Description: (include operation hours, number of employees & guests, amount of parking spaces, daily trip count, square footage of site and warehouse, etc.)

VMT Analysis: The County offers a VMT Screening Tool at the following website:
<https://apps.fehrandpeers.com/VenturaCountyVMT/>

Ventura County Transportation Model: Vehicle Miles Travelled, Vehicle Delay, Trip Origin/Destination, and Volume/Capacity data can be found at the following website: <https://www.goventura.org/work-with-vctc/traffic-model/>

Land Use	Trip Gen Data			AM Peak Hour			PM Peak Hour		
	ft ²	Rate	ADT	In	Out	Total	In	Out	Total
Existing:									
Proposed:									

Project Trip Generation:

- a. Source/Manual (i.e. VC Tables, ITE, SANDAG, or other)

- b. Land Use Code

- c. Independent Variable (floor area, dwelling units, number of employees, etc.)

- d. Project Peak Hour Periods

- e. Trip Allowance (if applicable then justify)

- f. Calculate Existing / Proposed Peak Hour Trips & Average Daily Trips (ADT)

Proposed Study Intersections:

1. _____
2. _____
3. _____
4. _____
5. _____

Proposed Study Roadway Segments:

1. _____
2. _____
3. _____
4. _____
5. _____
