

County of Ventura
Public Works Agency
Water and Sanitation Department
MEMORANDUM

DATE: April 7, 2025

TO: Ventura County Waterworks District No. 19 (Somis)

FROM:  Jeff Palmer, Assistant Agency Director for Public Works – Water and Sanitation Department

SUBJECT: FEES WAIVED FOR MOUNTAIN FIRE RESIDENCE

The County of Ventura Board of Supervisors have adopted Resolutions to waive certain fees with different agencies and departments within the County of Ventura. Given the high cost of building materials and construction and that some properties may be underinsured, waiving certain permitting fees provides additional financial relief to property owners which may allow them to allocate more resources toward rebuilding and recovery efforts. Accordingly, Ventura County Waterworks District No. 19 (District) will waive certain services fees under District Rule 2-C-6, for those residences within the District that have been impacted by the Mountain Fire, with the rebuilding of structures damaged in the Mountain Fire Disaster.

Those impacted residences within the District service area identified as lying within the following assessor's parcel numbers: 110-0-292-030, 110-0-280-030, 110-0-271-070, 110-0-292-020, 110-0-272-020, 110-0-332-010, 110-0-280-140, and 110-0-280-130. Accordingly, these parcels will have the following administrative and engineering fees waived for their rebuilding and recovery efforts.

Fire Flow Test Fee
Water Availability Letter Fee
Water Will Serve Letter Fee
Meter Fee
Disconnection or Reconnection Water Service Fee

The identified residences have their existing water services intact and are ready for reconnection. Any upsizing in water service from existing would accordingly be a request for an increase in water service capacity and subject to applicable fees.

A handwritten signature in blue ink, appearing to read "Jeff Palmer".
