• [Certificate of Compliance Application/Requirements/Reimbursement Agreement](#)

A Certificate of Compliance may be issued when a property is determined to be a single, discrete lot or parcel existing in compliance with the provisions of the Subdivision Map Act and local ordinances enacted pursuant thereto.

• [Certificate of Correction Reimbursement Agreement](#)

A Certificate of Correction is used by a land surveyor to correct a recorded parcel map, tract map, or record of survey.

• [Certificate of Correction Form](#)

This form is provided for use as a Certificate of Correction template for those who might find it helpful. The use of this specific form is not required.

• [Corner Record](#)

This form is used by a land surveyor, in accordance with Business and Professions Code Sections 8765-8771, to reset a missing property corner or "tie out" survey monuments prior to, and "replace" them after destruction by construction.

• [Tract Map/Parcel Map Checklist](#)

This is a checklist of fees and documents required for the initial submittal of a Tract Map or Parcel Map.

• [Issuance of Tract and Parcel Map Number \(PW-66\)](#)

If a project requires a parcel map in the unincorporated territory of the county, or a tract map anywhere in the county, the owner uses this form to request a map number to be assigned and reserved for the project. For city parcel maps, contact that city's Public Works Department.
